ADMISSION BROCHURE

Undergraduate and Postgraduate Programmes

SESSION 2022-23

The Vice-Chancellor Invites You to B.U.

Educated in Cotton College, Gauhati University and IISc Bangalore, Prof. Birinchi Kr. Das had been serving as a Professor of Chemistry at Gauhati University for over twelve years prior to his joining Bhattadev University as its first Vice-Chancellor. Through his extensive travelling and experience of working at several reputed institutes and universities in India, the USA and the UK Prof. Das became acquainted well with modern education and research systems of the world. As an ardent believer of work done with honesty and sincerity, he professes the necessity of building up expertise step by step, through hard labour, if necessary, with a view to achieving personal success as well as institutional eminence.

Most universities in countries other than India and some universities in India offer undergraduate (UG) programmes of study alongside postgraduate (PG) and doctoral programmes. Having been established in 2019 by upgrading the well-known Bajali College of Pathsala, Bhattadev University is a unique state university that will run its teaching programmes with special emphasis on UG education. It is to be hoped that as a University, we shall be able to prepare well-equipped bachelor's degree holders who are suitable for employment in the Government as well as private sectors.

The university will offer the following study programmes in the academic session 2022-2023.

- (i) **Bachelor of Arts** with Honours – B.A. (Honours) – in Assamese, Economics, Education, English, Geography, History, Mass Communication and Journalism, Philosophy, Political Science and Sanskrit.
- (ii) **Bachelor of Science** with Honours – B.Sc. (Honours) – in Botany, Chemistry, Geography, Mathematics, Physics, Statistics and Zoology.
- (iii) **Integrated M. Sc. in Chemistry** (5 years duration).
- (iv) **Master of Arts** – M.A. – in Assamese.
- (v) **Master of Science** – M.Sc. – in Geography, Mathematics, Physics and Zoology
- (vi) **Doctor of Philosophy** (Ph.D.) in Assamese, Chemistry, Geography, Mathematics, Physics and Zoology

The Ph.D. programmes in Assamese, Chemistry, Geography, Mathematics, Physics and Zoology were introduced in the year 2020 with a view to starting research activities in the university.

I take this opportunity to invite you to join forces with us as the most important component in our efforts to grow up and shine as a university. We on our part promise to work continuously towards inducting excellent teachers and researchers and also to build up a modern and effective teaching-learning environment so as to enable you to be what you want to be.

THE UNIVERSITY AT A GLANCE

Bhattadev University is one of the three new universities that were established in 2019 by the Government of Assam by upgrading three well-established colleges of Assam. Bajali College, a NAAC 'A' Grade college founded on 16 August 1955 at Pathsala town in the present-day Bajali district of Assam, formally started functioning as Bhattadev University with effect from 24 June 2019, the date on which Prof. Birinchi Kumar Das assumed his office as the first Vice-Chancellor of the University.

It is the realization of a long cherished dream of the people of greater Bajali to have a university in Bajali. Aptly enough, the new university has been named after an illustrious son of Assam and a son of the soil from the greater Bajali region, Vaikunthanaath Bhagavat Bhattacharya who is acknowledged as the father of Assamese prose. Bhattadev's legendary rendition in religious congregations and command over the Sanskrit *Shrimadbhagavatam* (translated by him into Assamese prose as *Katha Bhagavat*), the essential *shastra* forming the fulcrum of Assamese *Vaishnava Dharma* revolving around *Krishna charitra*, earned him the title of **Bhagavat Bhattacharya**, shortened to **Bhattadev** by his followers.

The UGC has recognized **Bhattadev University** as an institution “*empowered to award degrees as specified by the UGC under section 22 of the UGC Act 1956 by conducting courses through its own departments, its constituent colleges and/or through its affiliated colleges in regular mode with the approval of concerned statutory bodies/councils*” vide its letter F.No. 9-12/2019 (CPP-I/PU) dated 25 September 2019.

In its journey to establish itself as a nationally recognized and modern university, Bhattadev University has taken a series of initiatives to improve its physical infrastructure and also to induct teachers of highest possible quality and best possible background.

In addition to seventeen B.A. and B.Sc. Honours programmes in important Arts and Science disciplines, the university offers postgraduate (M.A. and M.Sc.) programmes in Assamese, Geography, Mathematics, Physics and Zoology and an integrated M.Sc. programme in Chemistry is being offered from this year. In its second year in existence the university also launched Ph. D. programmes in six departments, namely Assamese, Chemistry, Geography, Mathematics, Physics and Zoology. In addition, the University, under the dynamic leadership of Prof. Birinchi Kr. Das, is striving hard to establish itself as a centre of excellence and has already taken many steps in many directions to emulate the achievements and contributions of reputed institutions like Gauhati University, Tezpur University, IIT Guwahati and others from within and outside the country.

INFRASTRUCTURE & AMENITIES

Bhattadev University located in the campus of erstwhile Bajali College at Pathsala town of Bajali district, Assam spreading over 16 acres of land. The green campus also has space for future expansion. The state government has already allotted 120 bighas of land for the university in a separate location which is about 5 kms from the existing campus.

Physical Facilities:

The Institution has adequate infrastructure facilities for curricular and extra-curricular programmes. The infrastructure is used to the maximum extent, and all students have easy access to the existing learning resources. Its management policy is to modernize, maintain and upkeep infrastructural facilities according to emerging needs of teaching and learning. There are Two Arts Buildings, One three-storied Science Building, One three-storied New Academic Building, One Library cum Information Technology Centre Building, One Auditorium, One Non-Resident Students' Centre, Girls' Hostel, etc.

Being a new University, Bhattadev University has plans to strengthen and augment its present infrastructure in the existing campus and also to expand into a new second campus. With Government financial assistance a few construction and renovation projects namely the Administration Block including offices of Vice-Chancellor and Registrar with One AC Conference Hall and a modernized classroom complex have been completed and functioning now. More renovation work is going on to prepare modernized classrooms, laboratories and instruments rooms for the students. Efforts are being taken to construct a recording studio for use by the students of the MCJ Department and also to facilitate the production lectures for digital contents. The Government of Assam has recently allotted a sum of Rs. 50 crore to the university for infrastructure development and this should bring in a sea change to the overall infrastructure of the university.

- 1. Auditorium:** The University has one Auditorium and there are provisions of required furniture and sound system, etc.
- 2. Digital Conference Hall:** There are two well-equipped Air-Conditioned Conference Halls.
- 3. Common Rooms for Students:** There is a Non-Resident Students' Home in the University premises with separate rooms for Boys and Girls. The facilities for the common rooms are being upgraded. In addition to this, there are different toilet units available for girls and boys on the campus including the Girls' Toilet block.
- 4. Staff Room for Teachers:** There is a well-furnished Teachers' Common Room which also serves as a Meeting Room from time to time.
- 5. Power Supply:** To back up the APDCL supply, two diesel generators are installed to ensure uninterrupted power supply in the campus including hostels.
- 6. Solar Power Plant:** Under Integrated Power Development Scheme (IPDS) scheme of the Government APDCL has recently set up a roof-top solar power plant with a production capacity of 330 kW. It became operational from 18-05-2020.
- 7. Drinking-Water facilities:** The university has its own water treatment plant and also a water supply system. Purified drinking water facilities are available throughout the campus.
- 8. Rain Water Harvesting:** The University has developed an efficient mechanism for rainwater harvesting and facilities of rainwater harvesting are available on the university premises.
- 9. Open Auditorium :** We have an auditorium within the campus for arranging any event in open environment.
- 10. Facilities of Games & Sports:** The University has its infrastructure for Games and Sports such as playground with a football field, volleyball court, tennis court & a gymnasium. By utilizing these facilities, students ensure participation at District, University and State Level Competitions.
- 11. Vermicompost Project :** Recently one Vermicompost Project has been set up in the university campus and a Mushroom Plant is also going to start with the joint initiative of Assam Science Society, Bajali Branch and Bhattadev University.

Academic Facilities:

The University has the following facilities to meet emerging needs of teaching and learning.

1. **Classrooms:** The institution has sixty (60) spacious, well-ventilated classrooms and tutorial spaces. All classrooms have adequate seating and other teaching-learning facilities.
2. **Smart Classrooms:** There are six smart classrooms equipped with modern teaching-learning tools like whiteboards, green boards, interactive boards, LCD projectors, podiums, etc.
3. **Laboratories:** There are 32 well-equipped laboratories for UG & PG classes. An Air-Conditioned Centralized Computer Lab and a newly created Computer Laboratory in the Mathematics Department for UG and PG classes are also available. In the recent past, the University has also procured several scientific equipments and computers for teaching and research activities.
4. **Bio-Tech Hub:** There is an Institutional Bio-Tech Hub sponsored by DBT, Government of India. Efforts are on to add more instruments and other facilities into it so that students are able to access modern facilities to be required for UG, PG and Ph.D. programmes.
5. **Central Library:** The Institution has a well-furnished and fully automated Central Library. The Library is automated with KOHA software. More than 40,000 books and a good number of journals, newspapers and periodicals, e-books, etc. are available in the Library. The Library has adequate space for internet browsing, photocopying for students and faculties. All the staff and students have access to INFLIBNET resources. Besides, an extensive collection of digital texts has been made available to the students in the University Library from which students can copy their required study materials. Utilizing Government fund, the university has substantially augmented library resources via inclusion of text and reference books, career guidance and personality development books, magazines and journals, EBSCO e-Book and e-Journal databases and more. In addition to the central Library, all departments have Departmental Seminar Libraries too.
6. **IT infrastructure:** The institution has more than 120 computers with UPS power backup. All the departments have been provided with computers and laser printers. ICT tools are used for teaching-learning. LAN facility is available in the University Office and Central Library. Internet connectivity is available in all departments and the Central Library and Computer Lab through Wi-Fi. Wi-Fi facility is also available for the students in the Central Library.
7. **Museums:** There are two museums having rare collections in the departments of Zoology and Geography.
8. **Botanical Garden:** The University has a small Botanical Garden with a greenhouse. A Floriculture Garden and a Pisciculture Pond are there on the campus.
9. **University Website:** Bhattadev University website www.bhattadevuniversity.ac.in has been in existence and efforts are being made to make it an interactive and useful one providing information learning resources in English and Assamese to students as well as teachers.
10. **University Press:** Bhattadev University also has a printing press of its own.
11. **Xerox Facility:** Photocopiers are available in the offices and Library of the University.

Support Services:

The University has the following support services and facilities for students and we are looking forward to adding more soon.

1. **Hostel Facilities:** The University has one girls' hostel with a total accommodation capacity of about 120.
2. **NCC, NSS wings:** The University has two NCC wings of Boys and Girls and one NSS Unit.
3. **Canteen:** Canteen facility is available on the campus where students and teachers can have hygienic food at reasonable rates.
4. **Security:** The entire university campus is under CCTV (24×7) surveillance. Fire safety equipments are also available. Fire alarm systems with extinguishers are installed in the buildings. Private Security persons are engaged to ensure the safety and security of the campus.

Some other **support services** for students are Grievance Redressal Cell, Anti-Ragging Cell, Information-cum-Career Guidance Cell, Placement Cell, RTI Cell, Government Scholarships, Post Office, a basic Health Care Centre, Mentor & Mentee system, etc.

ii) Elective Courses: Generic Electives (GE)

Elective courses can determine how a student can become what he/she wants to be in future. Careful choice of a GE (also variously called the *Pass* or the *Minor* – as opposed to *Major*) can strengthen his/her aims/efforts to master/apply knowledge of the Honours subject. To be able to study a range of seemingly unconnected subjects is a characteristic feature of CBCS. A student can opt for one GE course against his/her chosen Honours subject from the following list :

(a) B.A. Programme:
